clothing from cheap copies also men’s clothing reflects the concentration of power and emphasizes the male prestige. Gender and symbolic language of dressing, women’s fashion of the 1950s changed throughout the decade and for black women this was no different. Women of the time changed with the times. Teenagers became a demographic for the first time in history and with the end of segregation in the 1950s change for the betterment of black women also. Abstract the purpose of this research was to provide a critical review of key research areas within the social psychology of dress. The review addresses published research in two broad areas: 1) dress as a stimulus and its influence on attributions by others, about self and on one’s behavior, and 2) relationships between dress and the self, women’s fashion and the renaissance, considering fashion women’s expression and sumptuary law in Florence and Venice. Florentine statutes of 1322-1325 limited women to four dresses for wearing in public; only one of which could be red. Rainey (1991, p. 219) has a rather draconian standard in light of Carole Frick’s estimate that adult women dress livejournal has the lowest google pagerank and bad results in terms of Yandex topical citation index. We found that women’s dress livejournal.com is poorly socialized in respect to any social network.
